

## **Attention!**

**Warning:** Failure to follow the safety instructions can lead to risk of serious harm or injury. Failure to do so can also impair the function of the product, and/or lead to material damage of the product and/or Baitboat , as well as damage or injury to persons.

The user agrees to follow all safety instructions and regulations when using the BaitSpreader.

### **Safety instructions:**

- This product contains high-speed rotating components that can lead to injury.
- Do not touch the bait cup during operation.
- Please do not use the BaitSpreader without reading the instruction manual or the instruction video
- Do not use the BaitSpreader at short distances (<15m) without suitable eye protection
- Make sure that the BaitSpreader is always separated from the bait boat while filling the cups of the bait spreaders.
- Keep a minimum distance of 15m from people or animals when using the BaitSpreader
- Always make sure that the handle locks are used when the BaitSpreader is in use to avoid damage to the boat and/or feed BaitSpreader

### **Disclaimer**

The use of the BaitSpreader is at the user's own risk.
